- Prices fixed by the relevant industry body/ies
- Any factors specified in relevant Legislation
- Equity factors
- User pays principle

All of Council's fees and charges not subject to statutory control are reviewed on an annual basis prior to finalisation of Council's annual operating budget. However, in special circumstances, fees and charges can be reviewed and approved by Council in accordance with the *Local Government Act 1993* and Regulations.

SECURITY DEPOSITS - Administrative Charge/Interest Payment		
Council requires that applicants lodge a security deposit or bond in relation to certain conditions of various approvals. Bonds are generally in the order of \$500 and applicants have the option of lodging a bank guarantee in lieu of a cash deposit.		
Section 97 of the <i>Local Government Act 1993</i> requires that interest must be paid on security deposits repaid to depositors.		
Given that interest is not payable on bank guarantees lodged and in view of the significant amount of work required in administering these deposits and the insignificant amounts of interest involved, the payment of interest at the optimum rate earned by Council is not appropriate, nor is the payment of small amounts of interest. Further, it is considered that a flat administration charge should also be applicable in cases of interest payments.		
The interest rate payable is 0.45%, subject to no interest being paid when the amount would be less than \$35, together with a flat charge of \$35 on interest payments, subject to no deduction being made from the deposit principal. No interest payable where a full or partial deduction has been made for restoration costs.		
i.e. Interest paid at 0.45% per annum, subject to no interest being paid when the amount would be less than \$70
