

Mosman Youth Services

Accessibility Information

What we do

Mosman Youth Services provide programs and events to young people aged 12-24 years who live, work, study or spend time in the Mosman community. Our centre is open for Drop In for young people aged 12-18 years on weekdays during school term from 3-6PM.

Centre accessibility

We are fully wheelchair accessible with entry from the side of the building (laneway entrance off of The Crescent next to the carpark) and an accessible toilet on site.

There is accessible parking in the parking lots next to the Village Green, accessed from The Crescent.

Whilst access to our centre is limited to young people aged 12-18 years during Drop In, support workers or informal support person/s of all ages who are supporting people with disability to access the centre are welcome at all times.

Volunteering

Mosman Youth offer a range of youth volunteering opportunities for young people aged 14-24 years and are a great way for young people to get involved in the community, develop new skills and meet new people! Young people of all abilities are welcome to join our volunteer programs, either on a regular or part time basis. We have four distinct volunteering programs:

F.R.E.S.H. - focus on nutrition education and developing skills in food preparation.

Vocal Rewind - organise and run music events in Mosman.

Viewfinders - focus on environmental sustainability and run various environmental campaigns.

Mospress - work on various media related projects, including social media campaigns and photography and film projects.

For more information about our programs, visit:

Events

Throughout the year, we run several events for young people, often organised by and facilitated with our youth volunteers.

Our events are advertised through our social media channels and website where we provide information about the accessibility of a specific event. Please contact us for more information.

If you have any concerns or questions about the accessibility of Mosman Youth Centre or to plan your visit, please contact us!
