

**EDUCATION/PUBLIC PROGRAMS  
POLICY**

**MOSMAN REGION ART GALLERY**

## **OBJECTIVE**

To provide guidelines for the provision of education services/public programs at the Mosman Region Art Gallery.

The Mosman Region Art Gallery will aim to serve as a visual arts and craft educational resource for the Mosman area by providing public access to its exhibitions and by encouraging involvement in associated activities.

The Gallery will maintain a close liaison with educational institutions and community groups to determine and, where possible, meet their particular needs.

As part of our regular changing program we will:

- make services such as guided tours, floor talks, lectures, film nights and workshops available to all members of the community.
- provide opportunities for professional artists to meet and work with all interested groups and individuals.
- develop catalogues, room sheets and promotional flyers to assist the interpretation and understanding of exhibitions presented.

In addition to the changing program we will also seek to develop and articulate aspects of the Mosman Art Collection that are of particular interest to residents and the wider community alike. The collection will be documented, catalogued, interpreted and accessible.
