MATTERS DISCUSSED AT ATWG

1. Funding
Draft funding application in progress and negotiating with RMS.

2. Mosman Transport Strategy
Examples of transport plans in the links below.

Investigating the preparation of an overall Transport Plan which would include:-
 - Bicycle Plan
 - Pedestrian Plan
 - Traffic Plan
 We will discuss a possible methodology and breakdown at the next meeting.

3. Study Tour Netherlands
Ideas for Mosman include:-
Having streets that can be read as local 30 km/h, distributor 50km/h, motorway above 50+km/h.

In the Netherlands, they make walking and cycling the fastest mode of transport, public transport and the slowest mode of transport is private vehicles. The presentation is attached as a link
