		Action
1.	<b>Welcome</b>	
2.	<b>Apologies</b>  Craig Covich, John Leslie	
3.	<b>Disclosures of Non-Pecuniary Interest</b>  Robert Grant – owns an LED lighting business	
4.	<b>Resilience and Adaptation Strategy Staff Presentation</b>  Strategy on public exhibition until 26 August 2022.  MM has spoken to the local SES Commander. He is happy to address a community meeting regarding emergency management. Aim is to organize before the exhibition closes.  Wattblock – provides independent advice to apartment buildings to promote energy saving.  ClimateClever app – free platform to helps residents be more energy and water efficient.  Overall Resilience and Adaptation Strategy was well received. Needs more promotion locally to raise the profile.  Demographic information from latest Census results to be updated in the Strategy.  Further comments can be forwarded to SS or PM.	MM to discuss with General Manager

		Action
5.	<p><b>Green Power Campaign</b></p> <p>Organised by City of Sydney and promoted through Resilient Sydney. Encourages residents to shop around for accredited 100% Green Power electricity plans. Rollout currently postponed due to current electricity market conditions. There was unanimous support for Council to be involved when the program is rolled out.</p>	PM to roll out program with communications team when Resilient Sydney advise
6.	<p><b>General Business</b></p> <p>Solar panels to be installed on Council building and LED lights in Vista Street carpark in August. Council will do onsite posters and promote the projects more broadly.</p> <p>Council is looking at installing EV chargers in other locations.</p> <p>Jolt has approached Council about installing EV chargers next to substations with LED advertising same as bus shelters. Ausgrid can install without Council support but do require a dedicated car space from Council to make it worthwhile. Committee was in support of the chargers.</p>	
7.	<p><b>Future Meeting Dates</b></p> <p>Tuesday 6 September 2022 Tuesday 15 November 2022</p>
